

BE WELL. BE SMART. BE PROTECTED.

cancer insurance

No one likes to think about getting cancer. But it will still affect **1 in 2 men** and **1 in 3 women**.¹ Cancer may not be preventable, but you can protect yourself from some of the costs. Cancer insurance can help you: Manage the high expenses of treatment; Preserve savings; Protect your family from financial hardship; Concentrate on getting well.

Our cancer insurance pays you benefits that can be used for non-medical cancer-related expenses that health insurance might not cover.

- The policy is guaranteed renewable for life, subject to change in premiums by class.
- Benefits paid directly to you unless assigned
- Benefits paid in addition to any other coverage
- Individual or family coverage

Would your finances survive cancer treatments?

Issue Ages: 21-64

Eligibility/Termination - Family Plan coverage may include you, your spouse and dependent children as defined in the policy (including grandchildren who are financially dependent upon a covered grandparent and who reside with that covered grandparent continuously from birth.) Coverage for dependent children terminates on the policy anniversary following the date on which the child is no longer eligible, which is the earlier of when the child marries or reaches age 21 (25 if a full-time student at an educational institution of higher learning beyond high school). Coverage for the insured's spouse ends upon valid decree of divorce.

Pre-existing Condition - If a covered person has a pre-existing condition as defined, we do not pay benefits for such conditions under the policy or any riders attached to the policy during the 12 month period beginning on the date that person became a covered person. A pre-existing condition is a condition not revealed in the application for which medical diagnosis, advice or treatment was recommended by or received from a physician within a 1 year period before the effective date of coverage.

Renewability - The policy is guaranteed renewable for life, subject to change in premiums by class. A notice will be mailed in advance of any change.

Exceptions and Limitations - Treatment must be received in the US or its territories. No benefits are payable for cancer treatment except those expressly stated in the Explanation of Benefits. The policy and Cancer Hospitalization Progressive Benefit Rider do not pay for: any sickness except cancer (diagnosis must be submitted to support each claim); or any disease or incapacity that has been caused, complicated, worsened or affected by cancer or as a result of cancer treatment, unless coverage is specifically covered for that disease or incapacity in Explanation of Benefits.

Intensive Care Rider (ICR3) Exceptions and Limitations - No benefits are paid if confinement is due to an attempted suicide or intentional self-inflicted injury; or intoxication or being under the influence of drugs not prescribed by a doctor; or alcoholism or drug addiction. Benefits are not paid under this benefit for continuous hospital intensive care unit confinements that occur during hospitalization that begins before the effective date of this benefit. Children born within 10 months of the effective date of this benefit are not covered for any continuous hospital intensive care unit confinement that occurs or begins during the first 30 days of the child's life.

The policy is a Limited Benefit Cancer Policy with Riders.
